09/2018 – 2018 chennai, India	<b>web development</b> , <i>blue soft infotech solutions</i>

---

12/2020 – 2021

**social distancing and mask detection by using machine learning technique,**  
*ARTIFICIAL INTELLIGENCE*

The spread of COVID-19 pandemic disease has created a most crucial global health crisis of the world that had a deep impact on humanity and the way we perceive our world and our everyday lives.

in the absence of vaccines, social distancing and mask detection is the only way to fight against this technique.

I have learnt about artificial intelligence, convolution neural network[CNN].

08/2018 – 01/2019

**Chatting app using firebase, MOBILE APPLICATION**

A chatting application that is connected to a firebase dB helps to store and retrieve a data-efficient. the app will help in the private sector where they can have an own group of members who can use the app. and this app will work fully on a private network where there are no data leaks or stealing of data is prohibited. the app will support for 150 users.

---

**COURSES**

---

**ORGANISATIONS**

01/2018 – present  
chennai, india

**Aasya foundation, volunteer**

Our main moto behind walkathons is to create Awareness among people on fatal diseases and majorly to raise funds for cancer affected children

tiruthani, india

**YRC[YOUTH RED CROSS], Volunteer**

our main motto is to keep the country clean. cleanliness is next to god. so we volunteer ourselves and clean the roads, railway stations, and bus stands. we plant the trees.
